Health Communication Strategy

What, when, where and how we communicate with customers and distribution

Health Development I Executive briefing for CEO and ExCom I October 2026

Better understanding builds trust and retention

The strategy on one page

WHY

!

Coverage, UW and claim rules are hard to follow

Customers and agents hear mixed messages

Result: disputes, rework, weaker renewal

WHAT

★

5 pillars, one set of facts

Told to customers and to agents

Health services and prevention included

HOW

→

Right moment, channel and format

Plain language, approved once

Reused for customers, agents and staff

WHO

☺

Health Development sets the strategy

Brand and Communication creates

Distribution deploys and feeds back

DECISIONS WE NEED TODAY

1. **Endorse the 5 pillars**
2. **Confirm who owns each step**
3. **Agree the channels and formats**

Five objectives, one shared result

Informed customers and confident agents

Two audiences, one set of facts

What each must know, told from two angles

CUSTOMERS know it before they need it		DISTRIBUTION explain it with confidence
COVERAGE What is covered, what is not, what I pay	✓	COVERAGE Explain limits and exclusions before the sale
CARE ACCESS Where to go: network, cashless, TeleHealth	✚	CARE ACCESS Guide to the right provider and service
UNDERWRITING What to disclose and why	≠	UNDERWRITING Collect complete, honest disclosures
CLAIMS What to send, how long, who to ask	☎	CLAIMS Set realistic expectations, track status
RENEWAL What changes and what I can do	↻	RENEWAL Reach out early, address concerns
HEALTH How to stay well and when to screen	♥	HEALTH Use health services to open the talk

Information gaps hurt both sides of the sale

Pain points today, in journey order

CUSTOMERS FEEL	THREE ROOT CAUSES	AGENTS FEEL
? Misunderstood coverage	**Complex terms and jargon**	! Incorrect or outdated sales tools
≠ Underwriting disputes		? Hard to explain UW requirements
⌖ Provider network confusion	**Mixed or outdated messages**	⌖ Network facts keep changing
✕ Claim rejection		✕ Hard to explain claim decisions
… Slow or unclear responses	**Unclear process and timing**	☎ Heavy reliance on Operations
↻ Renewal dissatisfaction		↓ Lower confidence with customers

Result: complaints, disputes, rework and weaker renewal

Four bets where communication pays back most

Where to play and how to win

1 Claim decisions

PAIN

Rejections, unclear requirements

HOW WE WIN

- Claim-ready checklist before filing
- Decision letters: reason, clause, next step

2 Coverage at the sale

PAIN

Misunderstood coverage, wrong sales messages

HOW WE WIN

- One-page covered / not covered summary
- Approved agent talk-track

3 Underwriting expectations

PAIN

Disputes over disclosure and loading

HOW WE WIN

- Explain disclosure in plain words first
- Status and timeline updates

4 Care access

PAIN

Network confusion, low service use

HOW WE WIN

- When-to-use guide: TeleHealth, Emma, network
- Verify-before-treatment prompt

WIN PRINCIPLES

- ✓ **Explain before they need it**
- ☺ **One fact, two voices**
- ⌖ **Be where they already are**
- ↓ **Measure complaints, not reach**

Five pillars cover every message

What we say

01 Health services and access

How and when do I use my care options?

- TeleHealth
- Preferred network
- Emma
- Care coordination

02 Health awareness

How do I stay well?

- Prevention
- Screening
- Disease awareness
- Mental wellness

03 Terms and conditions

What exactly am I covered for?

- Coverage and limits
- Exclusions
- Waiting periods
- Underwriting terms

04 Products

Is this right for me?

- Proposition
- Selling points
- Who it suits
- Use cases

05 UW, claim and complaints

What happens next, who do I call?

- UW requirements
- Claim steps and papers
- Timelines
- Contact and escalation

Every pillar is told twice: once to customers, once to agents

Seven moments decide whether customers feel understood

When we say it

Awareness	Consideration	Purchase	Onboarding	Treatment	Claims	Renewal
Why health cover matters	What it covers and what not	What happens next	How to use your policy	Cashless and pre-authorization	Status, papers, decision	What changes, what to do
P4 P2	P4 P3	P3 P5	P1 P5	P1	P5 P3	P3 P4

♥ **Always on P2 Health awareness**
Prevention and wellness, year-round, not only at claim time

★ **Agents hear first**
Every customer message is released to agents before customers see it, so no agent is surprised by a customer's question

Meet people where they already are

Where and how: channels and formats

CUSTOMER CHANNELS

- Emma app
- LINE OA
- SMS
- Email
- Website
- Call center
- Hospitals

DISTRIBUTION CHANNELS

- Agent portal
- Teams and LINE groups
- Banca and brokers
- Digital platforms

CONTENT FORMATS

Reels and shorts
Spark interest

Infographic
Simplify a rule

Explainer video
Show how

FAQ and guide
Answer fast

One-page brochure
Leave behind

Push and SMS
Prompt action

Webinar and live
Train and engage

Podcast
Go deeper

Match the format and channel to the topic

Which content, in which format, on which channel

PILLAR AND JOB	BEST FORMATS			BEST CHANNELS		
P1 Health services Teach	Explainer video	How-to guide	Push reminder	Emma	LINE OA	Hospitals
P2 Health awareness Inspire	Reels and shorts	Infographic	Podcast	Facebook	TikTok	YouTube
P3 Terms and conditions Clarify	One-page summary	Myth vs fact	FAQ	Website	Agent portal	At the sale
P4 Products Persuade	Short video	Customer story	Comparison sheet	Agent portal	Facebook	Banca
P5 UW, claim, complaints Reassure	Process map	Checklist	Status alert	Emma	SMS	Call center

From better communication to measurable results

Ways to achieve it and what changes

WAYS TO ACHIEVE

- ✓ **Plain-language standard**
- ⌖ **Messages timed to moments**
- ★ **Agents hear first**
- ☺ **Real cases and stories**
- ↻ **Complaint insights feed topics**

Understood
and trusted

OUTCOMES I HOW WE MEASURE

Awareness and service use	Emma and TeleHealth activation
Network access	Preferred network use
Clear UW and claim message	UW and claim complaints
Understood requirements	First-time-complete claims
Prevention over treatment	Screening participation
Retention	Renewal persistency

Clear owners at every step

Who does what, from strategy to launch

1	2	3	4	5	6	7
Content strategy and core message	**Topic and what to say**	**Creative development**	**Review, refine, approve**	**Brand CI check**	**Content launch**	**Reuse with agents and staff**
H B **D**	**H** B **D**	H **B** D	**H** **B** **D**	H **B** D	H **B** **D**	H **B** **D**
P O L	**P** **O** L	P O L	**P** **O** **L**	P O **L**	P O L	P **O** L

Filled = leads Outlined = supports Faded = not involved

H **Health Development**
Strategy, health services, medical content

B **Brand and Communication**
Creative, brand CI, launch

D **Distribution**
Agent enablement, field feedback

P **Product**
Proposition and selling points

O **UW, Claims, Operations**
Process accuracy, requirements

L **Legal and Compliance**
Regulatory review

One approved message, used three ways

Leveraging content for agents and employees

Approved core message

Customers

- Plain-language explainers
- Claim and service guides
- Real customer stories

Agents

- Talk-tracks and FAQs
- Customer cases and quizzes
- Health service kit

Employees

- Service and claim scripts
- Complaint insights
- Journey pain points

Questions, complaints and stories flow back into the content plan

Written once, approved once, reused three ways

Right message, right person, right time

The whole strategy in five lines

WHAT

5 pillars

Five topics we talk about

WHO

Customers and agents

Both hear the same facts

WHEN

7 moments

When people need help

WHERE

Right channel

Where they already are

WHO DOES IT

Clear owners

Every step has an owner

Health communication is not a marketing activity.

It is a business capability that improves:

Customer understanding → **Better decisions** → **Better experience** → **Higher trust** → **Stronger retention and sustainable growth**
